SUMMARY

Bachelor of Computer Applications student with a passion for software development and problem-solving. Built responsive web applications through hands-on projects and continuously sharpen technical skills through coding practice and Data Structures & Algorithms. A quick learner who enjoys turning ideas into real-world solutions and is eager to contribute, grow, and make an impact in a professional development environment.

EDUCATION

Maharana Pratap Group of Institutions (MPGI) Kanpur, India
Bachelor of Computer Applications (BCA) – Software Engineering 2024 – 2027

- Current CGPA : 7.43
- Relevant Coursework: Data Structures, Algorithms, Database Management, Web Technologies, OOP

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript
Web Development: HTML5, CSS3, JavaScript (ES6+), Responsive Design
Database Technologies: SQL, MySQL, Database Design & Optimization
Core Competencies: Object-Oriented Programming (OOP), Data Structures & Algorithms, Operating System, CN
Tools & Technologies: Git, GitHub, VS Code, Microsoft Excel (Data Analysis)
Soft Skills: Team Collaboration, Quick Learning, Analytical Thinking, Communication

PROJECTS

E-Commerce Amazon Clone | Frontend Project | *HTML, CSS, JavaScript, Vercel* | [Live](#) 2026

- Developed a e-commerce platform with product catalog, shopping cart, User Interface
- Implemented responsive design ensuring seamless experience across desktop and mobile devices
- Utilized JavaScript for dynamic content loading and enhanced user interactivity

Personal Portfolio Website | Frontend Project | *HTML5, CSS3, JavaScript, Vercel* | [Live](#) 2026

- Designed and developed a responsive personal portfolio website showcasing projects and technical skills
- Implemented modern CSS techniques including Flexbox and Grid for responsive layouts across all devices
- Created interactive UI elements using JavaScript for enhanced user experience

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Deloitte Australia – Technology Job Simulation 2025

- Completed hands-on simulation covering software development lifecycle and technology consulting

Deloitte Australia – Cyber Security Job Simulation 2025

- Gained practical experience in cybersecurity principles, threat analysis, and risk management

Python Mania 3.0 Certification 2025

- Awarded for Qualifying in Python Mania 3.0 organized by Maharana Pratap College of Profession Studies

SQL Certification 2025

- Demonstrated proficiency in complex queries, joins, subqueries, and database optimization

LEADERSHIP & INTERESTS

Problem Solving: Active on competitive programming platforms, solving Data Structures & Algorithms challenges daily
Continuous Learning: Self-driven learner staying updated with latest technologies and industry trends
Team Collaboration: Strong team player with experience in collaborative coding and project work
Career Focus: Preparing for Software Engineering roles through dedicated skill development and practice
