EDUCATION

Maharana Pratap Group of Institutions (MPGI)

Kanpur, India

Bachelor of Computer Applications (BCA) – Software Engineering

July 2024 – July 2027

- Current GPA: Strong Academic Performance
- Relevant Coursework: Data Structures, Algorithms, Database Management, Web Technologies, OOP

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript,

Web Development: HTML5, CSS3, JavaScript (ES6+), Responsive Design

Database Technologies: SQL, MySQL, Database Design & Optimization

Core Competencies: Object-Oriented Programming (OOP), Data Structures & Algorithms, OS , CN

Tools & Technologies: Git, GitHub, VS Code, Microsoft Excel (Data Analysis), Linux/Unix

Soft Skills: Team Collaboration, Quick Learning, Analytical Thinking, Communication

PROJECTS

E-Commerce Web Application | *HTML, CSS, JavaScript,*

2024

- Developed a e-commerce platform with product catalog, shopping cart, user authentication and UI based
- Implemented responsive design ensuring seamless experience across desktop and mobile devices
- Designed and optimized SQL database schema for efficient product and order management
- Utilized JavaScript for dynamic content loading and enhanced user interactivity

Personal Portfolio Website | *HTML5, CSS3, JavaScript*

2024

- Designed and developed a responsive personal portfolio website showcasing projects and technical skills
- Implemented modern CSS techniques including Flexbox/Grid for responsive layouts across all devices
- Created interactive UI elements using vanilla JavaScript for enhanced user experience
- Optimized website performance achieving 95+ Google Lighthouse score for performance and accessibility

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Deloitte Australia – Technology Job Simulation

2024

- Completed hands-on simulation covering software development lifecycle and technology consulting

Deloitte Australia – Cyber Security Job Simulation

2024

- Gained practical experience in cybersecurity principles, threat analysis, and risk management

Microsoft Excel Data Analysis Certification

2025

- Mastered advanced Excel functions, pivot tables, and data visualization for business analytics

SQL Certification

2025

- Demonstrated proficiency in complex queries, joins, subqueries, and database optimization

LEADERSHIP & INTERESTS

Problem Solving: Active on competitive programming platforms, solving DSA challenges daily

Continuous Learning: Self-driven learner staying updated with latest technologies and industry trends

Team Collaboration: Strong team player with experience in collaborative coding and project work

Career Focus: Preparing for Software Engineering roles through dedicated skill development and practice
